MEMBER BIO: Suzy Spenser

New member Suzy joined the guild this past summer.

Favorite type of fiber art: Knitting and sewing and now, spinning!

Favorite materials: A nice wool fiber that grabs the needles or spins smoothly. I am still a newbie spinner so I am experimenting with different wools to find which works best for my style.

Favorite piece of equipment: My wooden knitting needles. Not a fan of metal.

I am currently having a love/hate relationship with my Ashford Traditional wheel! I love it when I can spin without issue; not so much when I cannot!! I am considering buying a new double treadle wheel to see if that would help me spin with less stress.

The first fiber art I remember doing: Creating clothes for my dolls. I began cutting and sewing the fabric by hand when I was seven. I have always loved the construction of clothes, in terms of how the fabric drapes and forms on the body. Later, I discovered a love for yarn and wool. I could look at it and study about it for hours. It is so interesting to me how the coats of different breeds of sheep (or other animals) can create different fiber constructs that can perform various functions.

I learned to:

- Spin from Cherry Valley Spinners!!
- Knit from Beth from Sheep Thrills
- Crochet from my cousin Martha
- Weave from Beth from Sheep Thrills – a desktop Ashford loom from which I made some scarves.
- Sew – Myself at age seven and then when I was nine, I participated in some sewing classes at an old Singer store in the then Camillus Plaza. I always loved couture clothing, the fabrics used and the drape of the same. Especially designer Christian Lacroix; his particularly were pieces of art.

Last item I completed: A knitted hat for my husband this past weekend.

My inspiration comes from: The love of creating a final, usable product. I get a kick out of seeing a project completed.

I am most proud of: My patience to frog a project or restart the wheel when necessary. I have no patience generally, so this speaks volumes when I do these things.

In addition to fiber arts, some of my favorite things are: Reading, decorating the house, spending time with my husband Ted; and of course, time with my beautiful and wonderful Akbash dog, Chloe.

A helpful hint that I would like to offer is: Remember that this is supposed to be fun!

I would like to add: I really appreciate my warm welcome into the club and learning from such knowledgeable fiber artists!
